

Career Skills Training Courses on Axis 360

Career Training and Up-Skilling to Prepare Your Community for the Future

BAKER & TAYLOR + PENN FOSTER

Baker & Taylor's Skills Training Courses are provided through partnership with Penn Foster, a fully accredited online school that for more than 128 years has empowered millions of youth and adult learners with knowledge, skills and confidence to improve their career mobility and workplace effectiveness.

Offered online and designed for nontraditional learners, these programs enable library users to retrain, advance their knowledge and open doors to new employment opportunities.

WORKPLACE SKILLS TRAINING

All new career-aligned skills training and credentialing programs, seamlessly integrated with Axis 360, prepare online learners for advancement and new employment opportunities for in-demand jobs, and expand access to lifelong learning, career mobility and wellness.

Library users have access to the full Career Skills Bundle:

SOFT SKILLS	DIGITAL LITERACY	BASIC MATH	ADULT LITERACY	MATH FOR CAREERS
				
People, personal, and workplace skills needed for front-line job readiness	Social Media, Web Tools & applications used in work environments	Operations, problem solving, financial management and budgeting	Comprehension, grammar, mechanics and effective presentations	Math skills and strategies used in business and industrial settings

PROVIDES YOUR COMMUNITY:

- Instant access to digital content and essential skills training on one service platform
- A library-centered experience for lifelong learning
- Retraining the middle-skilled population for new roles in the new economy
- Improved economic mobility and family-supporting employment opportunities

PROVIDES LEARNERS:

- Full access to the Penn Foster skills training library
- Self-paced and competency-based courses, designed for nontraditional learners
- Surround sound support that puts learners at the center of engagement
- Over 700 full time proctors, teaching assistants, motivational and academic coaches
